GENERAL ELECTION

The Two Leading Parties Claim New York State For Their Respective Tickets.

REPUBLICANS WILL CARRY IOWA.

Both Sides Are Claiming That They Will Be Successful in the Hoosier State.

Contest in West Virginia Is Thought to Be Close and Both Parties Are Claiming the State—Republicans Claim Legislature.

New York, Nov. 8.—The democrats are pinning their faith to a statement by Charles F. Murphy, leader of Tammany Hall, that the vote for Parker in Greater New York would be the greatest ever cast for a democratic candidate, while the republican view was expressed by Gov. Odell, who said Parker's plurality in the city would have to be better than 140,000 if he was to carry the state. Two years ago Coler, the democratic candidate for governor, had 122,600 plurality over Odell in the city, but was defeated, Odell having 130,800 plurality in the rest of the state.

D. Cady Herrick, the democratic nominee for governor, made a statement in which he said: "Making very liberal discount upon the rosy views that are always presented to a candidate, I firmly believe that the republican majority north of the Bronx will be much less than it was two years ago."

Frank W. Higgins, republican candidate for governor, said: "I believe Roosevelt will carry this state by over 100,000 and that the republican state ticket will be elected."

Indianapolis, Ind., Nov. 8.—The republican leaders in the state refuse to change their predictions that Roosevelt and Fairbanks will carry Indiana by pluralities variously estimated at from 20,000 to 35,000.

Democratic leaders confidently assert their belief that Parker and Davis will be successful in Indiana, but refuse to make known the figures upon which they found their belief.

The democrats are also of the opinion that John W. Kern, their gubernatorial candidate will run ahead of the national ticket, and that there will be considerable change in the complexion of Indiana's representation in congress.

Cincinnati, Nov. 8.—The republicans are confident that their organization in Ohio will secure unusual results, even exceeding pluralities in what are called "the McKinley years." While the democrats have no such organization as their opponents, they claim that there has been during the past two or three days "a whirlwind in their favor" that justifies their anticipation of a landslide that might make the state close and enable the democrats to gain three or four Ohio congressmen. They state that their vote has not been out fully for years.

Parkersburg, W. Va., Nov. 8.—The chances are that the electoral vote of the state will go to Roosevelt and that the democratic state ticket will be elected. Republicans claim all five congressmen and the legislature, while democrats say they will elect three of the five congressmen and will control the legislature on joint ballot, insuring a democratic senator to succeed Senator Scott.

Des Moines, Ia., Nov. 8.—Chairman R. H. Spence, of the republican state committee, says that the republican ticket will have a plurality of at least 125,000 instead of 115,000, as has been estimated. The democrats still insist that the plurality will not be more than 60,000.

Boise, Ida., Nov. 8.—Republican managers claim a plurality of 15,000 for Roosevelt. The democrats, while conceding the claim of a Roosevelt victory, put the plurality at a much smaller figure.

Trenton, N. J., Nov. 8.—The republicans, so far as the presidency is concerned, entered the campaign just closed with the prestige of a plurality of 56,899 for McKinley four years ago. They are confident of carrying the state for Roosevelt by from 35,000 to 40,000. The democrats are claiming that Parker will have a small plurality.

Milwaukee, Nov. 8.—It is generally conceded that the Roosevelt and Fairbanks electors will carry the state by a plurality ranging between 50,000 and 75,000.

Chicago, Nov. 8.—The republicans claim that they will carry Illinois by anywhere from 125,000 to 140,000, and the democrats claim that they will reduce the republican plurality of four years ago.

The fight on congressmen will not, in all probability, result in any great change in the number of representatives from both parties. The present

congressional delegation is eight democrats and 17 republicans, and the chances are that this ratio will not be greatly disturbed.

STANDARD OIL CO. SUED.

Cadwallader M. Raymond Wants \$50,000,000 Damages.

Boston, Nov. 8.—The suit for \$50,000,000 brought by Elizabeth T. Greenough, of New York, against Henry H. Rogers, of the Standard Oil Co., which was dismissed by agreement of the parties on September 24 last, was re-entered Monday in the supreme court. The new suit is entered under the name Cadwallader M. Raymond vs. Henry H. Rogers et al., the damages being set at \$50,000,000 as before. The parties at interest are the same as in the previous suit, the claim being assigned to C. M. Raymond, a friend of Mrs. Greenough. Alfred Hemmenway, of Boston, accepted service on behalf of Mr. Rogers.

Mrs. Greenough is administratrix of the estate of her husband, Benjamin F. Greenough, an inventor, and seeks to recovery royalties on the use of a secret process for treating petroleum to make it non-explosive.

HOISTING ENGINEERS.

President of the Union Declares Their Strike Off.

Springfield, Ill., Nov. 8.—In an order issued Monday afternoon Mack Taylor, president of the Hoisting Engineers' Union of Illinois, declares the strike of the hoisting engineers off, in obedience to a referendum vote which resulted 750 to 315 in favor of returning to work.

The question of joining the United Mine Workers of America will be submitted to a referendum vote, but there is little doubt that the engineers will decide to join the larger organization. The engineers return to work at a scale of 5½ per cent. less than what they received last year. None of them will be discriminated against by the operators because of having struck. Mines will probably re-open on Wednesday.

SUIT AGAINST ARMOUR.

Damages to the Amount of \$1,200,000 Asked For.

Boston, Nov. 8.—A suit for \$1,200,000 damages against J. Ogden Armour, of Chicago, was entered in the supreme court of Massachusetts by Jas. C. Melvin, of Boston; James D. Standish, of Detroit; Frank P. Comstock and Frank E. Vogel, of New York, and others, acting as trustees. The ground of the action, which is one of the largest ever entered in the commonwealth, does not appear, since counsel agreed not to file any declaration at this time.

PERMANENT INJUNCTION.

Interference With the Inter-State Mercantile Co., Cripple Creek, Enjoined.

Denver, Col., Nov. 8.—Judge Marshal, of the United States court, has made permanent the temporary injunction recently issued restraining members of the Cripple Creek Mine Owners' association and Citizens' Alliance members and others from interfering with the owners and employees and property of the Inter-State Mercantile Co., of Montana, at Cripple Creek, whose store was looted August 21 last and its employees deported.

DEMOCRATIC DOCUMENTS.

Over 43,000,000 Pieces Were Sent Out From the Headquarters.

New York, Nov. 8.—Secretary Woodson Monday night furnished the following figures regarding the documents sent out by the democrats. Altogether 43,049,743 documents were sent out, distributed as follows: English documents, 19,603,134; foreign documents, 8,332,095; by the congressional committee, 7,809,150; by the German bureau, 7,400,364; by the Commercial Travelers' union, 405,000; lithographers, 1,822,500; buttons, 2,174,595.

FOR COLORED SCHOOLS.

Freedman's Aid and Educational Society Makes Appropriations.

Manchester, N. H., Nov. 8.—The Freedman's Aid and Educational society, in session here Monday, appropriated \$66,000 for colored schools of collegiate grade. Among the appropriations made were the following: Walden university, Nashville, Tenn., \$7,000; Rusk university, Holly Springs, Miss., \$5,400; Wiley university, Marshall, Tex., \$3,500; Philander Smith college, Little Rock, Ark., \$3,000; Geo. R. Smith college, Sedalia, Mo., \$2,900.

Some men who recall with pride how they earned their first dollar would hesitate to let the world know just how they earned the most of their dollars.

CUBAN CONGRESS.

Winter Session of That Body Opened Monday and the Message Was Read.

NEARLY ALL THE SEATS FILLED.

President Palma Reports Progress in Paying Off the Debt of \$23,500,000 Due the Veterans.

Attention Is Called to Platt Amendment Which Prohibits Cuba's Incurring Debt Unless Treasury Receipts Are Sufficient.

Havana, Nov. 8.—The winter session of congress opened Monday promisingly. In sharp contrast to the rows and disinclination to legislate which characterized the summer session, the members of the minority party occupied their seats in full force. Nationalist leaders have informed a press representative that it is not their intention to pursue their former obstructive tactics. There were less than half a dozen absentees in each house, and the proceedings were characterized by friendliness.

In his message President Palma, after a lengthy review of the condition of the republic, outlined leading matters requiring action by congress. The message made no reference to the political situation. In mentioning the progress that has been made in paying off the 50 per cent. of what is due the veterans, the total amounting to \$28,500,000, President Palma asked congress to decide in what manner the remaining half should be raised or to suggest other mode of settlement. The president called attention to the fact that the Platt amendment would not permit Cuba to incur debt unless the ordinary receipts of the treasury were sufficient to pay off the sinking fund and interest, adding that as the present sources above the ordinary expenses are practically absorbed by the first loan, Cuba can not create a new loan except through increasing taxes. He suggested that the difficulty might be obviated by the creation of a perpetual debt bearing interest at 3 per cent. per annum, which the government could be authorized to sink after 25 years or to liquidate sooner if the means became available.

President Palma called attention to Cuba's responsibility under the Platt amendment for proper sanitation throughout the island and stated that the executive department must assume general charge of all sanitation in order to secure uniform and effective results. Consequently congress should appropriate sufficient money for that purpose and authorize definite executive control thereof. The president reported that health conditions were as satisfactory as last year, with the exception that there had been a number of cases of diphtheria in certain localities in the province of Santiago, which disappeared as the result of special sanitary measures. The mortality the past ten months in Havana district was 21.20 per thousand and throughout the island 16.37. The one case of yellow fever had been disposed of and that had not originated in Cuba.

The president compliments the military establishment and the various government departments, especially referring to the public works, the state and educational departments. The number of schools has reached 3,600 with 120,000 pupils, an increase for the year of 10,000 pupils. The agricultural station, under the management of United States agricultural experts, is developing a high degree of usefulness.

The president urges the passage of the pending bill for the promotion of the immigration of white laborers.

Presented With a Medal.

London, Nov. 8.—On the occasion of Capt. R. S. Scott, commander of the British Antarctic exploring steamer Discovery telling the story of the expedition, Ambassador Choate presented him with the Philadelphia Geographical society's medal.

Large Republican Majority.

Philadelphia, Nov. 8.—Pennsylvania will return the usual large republican plurality for the national and state tickets. The republican managers hope for a plurality for the national and state ticket of from 300,000 to 325,000.

Emergency Policemen Sworn In.

New Orleans, Nov. 8.—Owing to the bitterness of the municipal campaign, Mayor Capdeville Monday swore in a couple hundred emergency policemen to be used Tuesday in the event of anticipated disturbances at the polls.

When the opportunity arrives for a man to break into the hero class he is usually taking a nap.

MAY DIE FROM THE WOUND.

Bullet Finds An Intruder in a Central Covington Man's Home.

Covington, Ky., Nov. 8.—Benjamin West, living in Short John street, West Covington, was shot and perhaps fatally injured by Henry Heidel, Holman and Pleasant streets, Central Covington, shortly before 1 o'clock Tuesday morning. Heidel heard a noise in the lower part of the house and, with a rifle, started on a tour of investigation. Seeing two men in the house he fired the bullet, striking West in the side. At the hospital, where he was taken, it was said West had no chance for recovery. An examination of the premises showed that West had gained entrance through a side window. Heidel owns a tobacco factory in Central Covington.

IN ONE GRAVE.

At the Same Time the Husband and Wife Were Buried.

Versailles, Ky., Nov. 8.—The bodies of husband and wife were buried at the same time in a single grave here Monday afternoon. O. T. Smith, aged 76, farmer, died Saturday of pneumonia, and his funeral was set for Sunday afternoon. Shortly before the hour set for the funeral his widow was found dying of the same disease. Mr. Smith's funeral was postponed. Mrs. Smith passed away Sunday night, resulting in the double obsequies. Mrs. Smith was 75 years old.

DUEL OVER A WOMAN.

One Man Is Dying and Two Were Wounded at Hopkinsville.

Hopkinsville, Ky., Nov. 8.—Isaac Poindexter and Frank White, Negroes, engaged in a duel over a woman on the crowded street Monday and emptied their revolvers at each other. Poindexter was shot through the throat and is dying while White was wounded in the arm and leg and a bullet struck a bystander.

Strikers Stone the Plant.

Newport, Ky., Nov. 8.—The striking workers of the Newport Brass and Iron Foundry Co. are becoming desperate at the sight of non-union men working in their places. Monday night 20 strikers began stoning the buildings and broke every window in them.

Fish Hook in His Hand.

Bellevue, Ky., Nov. 8.—A small fish hook was removed from the hand of Adam Wagner, of Ward avenue, by Dr. I. P. Gould. The hook had been imbedded in the flesh of the hand for about two weeks and symptoms of blood poisoning had developed.

The Secret Leaked Out.

Covington, Ky., Nov. 8.—The announcement was made Monday that Miles D. Wilson and Madge Duffie, both of Covington, had been married in this city October 18 by Rev. Price. The couple wanted to keep the affair a secret, but it leaked out.

Another Foreign Horse Buyer.

Lexington, Ky., Nov. 8.—Another foreign buyer of American horseflesh arrived here Monday night in the person of B. Von Cappovilla, of Buda Pest, Austria, representing A. Von Groiner, a large land owner of that place.

Ex-Legislator Dead.

Had His Wife Arrested.

Lexington, Ky., Nov. 8.—Sanford Lewis, a farmer, appeared before Magistrate Oldham and swore out a warrant against his wife, Mrs. Josie Lewis, charging her with injuring private property and also on peace warrant.

Pioneer Covington Man Dead.

Covington, Ky., Nov. 8.—Michael Kain, known all over the L. & N. system as "Uncle Mike," died Monday at the St. Elizabeth hospital of cancer of the stomach. He was for many years car inspector for the L. & N.

Died at the Age of 94.

Louisville, Ky., Nov. 8.—Mrs. Jane Bennett, one of the oldest women in Louisville, died at the home of her son, John S. Bennett, at 721 First street, aged 94 years. Mrs. Bennett's death was due to old age.

Fatally Hurt in a Folding Bed.

Lexington, Ky., Nov. 8.—Mrs. Ellen C. Hennessy, widow of the late Michael C. Hennessy, died at St. Joseph's hospital from injuries sustained by being closed up in a folding bed at her home several days ago.

The taxes for general purposes, in Lexington, Ky., by the charter in force in 1858 could not exceed 40 cents on each \$100. Fire tax could not exceed five cents.

FORTS DESTROYED

The Japanese Forces Bombarded Port Arthur Continuously For Three Days.

DESPERATE HAND TO HAND FIGHT.

Several Explosions and Extensive Fires Occurred in the Fortress Within the Last Few Days.

Every Fort of the Russians Was Engaged and the Deadly Conflict in the Trenches Was Constant and Severe.

Dalny, Nov. 6, via Kobe, Nov. 8.—After three days of continuous bombardment of Port Arthur, which caused extensive destruction to the Shojusan Nirbuyusan forts in the west center of the Russian line of defense, and also to Keekwan fort, the right wing of the Japanese army assaulted Shojusan yesterday afternoon. Having carried the approaches to that height the assailants entrenched themselves under the glacis of the forts. In the evening the left wing delivered an assault on Keekwan, fighting its way to the lower parapet. There the Japanese held their ground stubbornly in the face of Russian counter attacks.

Having been re-enforced during the night, the Russians charged down upon the Japanese and desperate hand-to-hand conflicts ensued. The Japanese beat back the enemy and destroyed two covered positions in the front moat. A Japanese sub-lieutenant with 30 volunteers then succeeded in making his way to the rear of the fort. There he engaged in a personal conflict with a Russian officer and killed him. Having discovered two more defenses in the rear moat, the sub-lieutenant withdrew his force with a loss of two men. Later in the night the advanced position of the Japanese was taken and retaken twice. The besiegers succeeded in holding the approaches and constructing trenches connecting them with the army's front parallel. At dawn numbers of dead were visible on the slopes. Fort P, north of the new and old batteries in the left center of the line of defense, was captured by the severe fighting of the night.

These operations have successfully driven an effective wedge into the Russian center. Severe explosions and extensive fires have occurred in the fortress within the last few days. The total casualties of the Japanese in the late attacks were 1,100. Over 500 were killed up to October 29. The spirit of the men is magnificent. The firing of all the guns is wonderfully effective.

The climax to the late bombardment came between 4 and 6 o'clock Saturday afternoon. It was a superb spectacle. Every fort of the enemy was engaged and the fighting in the trenches was constant and severe. The outposts of the contending forces were only 40 feet apart. At 1 o'clock this morning one of the Japanese trenches collapsed into a Russian gallery. The enemy, being surprised underground, fled in confusion.

THE CODY BANDITS.

It Is the Opinion of the Officers That They Have Effectually Escaped.

Casper, Wyo., Nov. 8.—Sheriff Webb and party returned to Casper Monday afternoon from the northwest where they went in pursuit of the bandits who held up the First national bank of Cody and killed Cashier Middaugh. Not a trace of the outlaws was discovered and it is the opinion of the officers that they have effectually escaped. Nothing was seen of the other posers. After election Sheriff Webb may take the trail again.

Expensive Fire at Oil City, Pa.

Oil City, Pa., Nov. 8.—The Smart & Silberberg three-story brick block, corner of Center and Elm streets, was completely gutted by fire Monday night. The firms losses are \$60,000 on the building and \$150,000 on stock.

All Reserve Officers Mobilized.

St. Petersburg, Nov. 8.—The necessity for officers for service at the front has resulted in the mobilization of all reserve officers in St. Petersburg, Vilna, Warsaw, Kieff, Odessa, Moscow, Kazan and the Caucasus.

Agrees to Great Britain's Demands. London, Nov. 8.—Colonial Secretary Lyttleton says there was an excellent reason for the hope of the almost immediate agreement by Russia to all of Great Britain's demands, in connection with the North sea affair.

Lincoln, Neb., Nov. 8.—James Marr, who made the original design of the first harvesting machine, is dead in this city at the age of 84 years.

REMEMBER Maysville.

A VOTE for Congressman Kehoe is a vote for the city of Maysville.

We hope there'll not be a single vote cast against the sewer proposition this time.

MASON County outside of Maysville votes on the proposition for a new infirmary building to-day. There should not be a vote against it. The present structure is a shame to the county.

INDOLENCE ENCOURAGED

By the Modern Use of the Telephone, it is Claimed By a Writer.

A few generations, perhaps, will develop the Americans into a left-eared race, writes Elizabeth Banks in "The Sketch." Their left ears will be abnormally large and abnormally acute in the matter of hearing, while their right ears will be small, ornamental appendages, totally deaf and of no practical use whatever. "I have come to this conclusion after an eight months' tour of the country, and a close observation of the telephone, its use and observation," she says.

In the days to come the Americans will have forgotten how to write. Even now, and in the past, they never could pose as model letter writers. They can converse, brightly and intelligently, if they will take the time; but the average American letter is brief, to the point, abrupt and frequently rude. In the future they will not write any letters at all. This will be the result of the omnipresent telephone.

The White Collar Line of steamboats is no more. Commodore Laidley has sold all the boats and their trades above Cincinnati to Captain Gordon C. Greene, Captain Wm. E. Rowe, Captain Martin F. Noll and Captain Jessie P. Hughes. The company will take charge of the steamers Stanley, Tacoma, Courier and M. P. Wells. The Stanley, Tacoma and M. P. Wells will constitute the Pomeroy and Cincinnati line the coming season. A general reorganization will take place and all bars on the boat will be dispensed with.

City Physician Yazell reports all the patients at almshouse doing nicely. William Hicle, whose leg was amputated a few weeks ago, will soon be well. One was admitted and one discharged during the month. At present there are twelve inmates in the institution.

Member Ficklin reports that so far \$4,605.59 has been expended on the sewer, most of which has gone to the laboring class of this city.

At this point the Mayor tried to take up the reading of reports, but the light was so poor he had to give it up. Mr. Ficklin, the wit of Council explained that all of the gas was upstairs. [Hon. Samuel J. Pugh was speaking for the Republicans in the court room above]

Mr. W. W. Ball, representing Mrs. Thos. Wells and Mrs. Clark, wanted to effect a settlement with the city for some back taxes on a 40 per cent. basis. Attorney Collins, on behalf of Auditor's Agent O'Donnell, opposed the proposition, and after a lot of argument, from both sides Council concluded to let the amounts stand as listed on the Assessor's books.

Mr. R. A. Cochran appeared for the street railway and showed some discrepancies in the assessment of that franchise. The company was authorized to settle by paying tax on amount certified by the County Clerk.

Mr. Charles Sulser was refunded \$150 poll tax improperly assessed.

A paper, signed by each member of the Board of Health, was read calling attention to the filthy condition of Thompson's alley, between Cox's alley and Short street, advising Council that much complaint was coming from nearby property-owners on account of the drainage pipes that empty there. The matter was referred to the Health Committee with instructions to investigate.

Several drains were reported emptying on West Second street and the Chief of Police was instructed to notify the property-owners to abate the nuisance at once.

The representative of a Chicago concern presented some statistics which seemed to prove that the city needed a stone crusher badly. He wanted to sell a machine and offered very liberal terms, but Mr. Eitel suggested that the city could get along without one for awhile, and the offer was rejected.

Mr. A. R. Glascock was given permission to improve the building occupied by Traxel's bakery.

The "Ort" pavement was ordered raised. Mr. Crowell reported that the safety gates in Fifth and Sixth wards will come by and by.

The rules were suspended and an ordinance passed authorizing the Mayor to sign a contract with the C. and O. governing the construction and maintenance of the sewer passing along its right of way. The widow of David Adams, colored, was refunded \$150 poll tax which she should not have paid.

The Street Commissioner will flush some gutters and sewers in various wards.

Sidewalks torn up and removed by naughty boys Halloween night in Fifth and Sixth wards will be repaired at the city's expense.

The matron of the alms house is sadly

in need of a new range and the committee will supply her long-felt want.

Billy Schooler's big base drum indicated that the "fire was out" overhead and the Mayor tackled the reports again. It was distressing to see the venerable old man trying to wade through the maze of figures under such a handicap and Mr. Short grew suddenly sympathetic and moved that the Light Committee be instructed to provide a couple of tallow candles for the presiding officer's desk by next meeting night. The outfit is to be complete and will include candlesticks and an old-fashioned snuffer. There will be no advertisement for bids.

Mr. Dieterich suggested that each member of Council get out to-day and hustle for the sewer proposition.

The Water Company is to be notified to move a fire plug in Fifth ward, Mr. Jas. Hasson will be notified by the Chief of Police to fill up the depression in his sidewalk and pave same, and the Fleming pike will get a much-needed coat of rock.

Council then adjourned.

The Louisville Post of Saturday, in connection with an article in reference to the recent Methodist conference held at Barbourville, published a half-tone group of prominent churchmen, among them Dr. F. W. Harrop of Covington, Dr. J. D. Walsh of Louisville, Dr. A. Boring of Dayton and Dr. Thomas Hanford of Bellevue, former pastors of the Third Street M. E. Church, this city.

—Mr. and Mrs. Wm. Ryan and bright little daughter Ida Mae of Millersburg have been guests of Mr. and Mrs. James Maley and family of Lewisburg.

—Mr. Ed. Schwartz came down from Huntington this morning to vote and returned on No. 6

Sure Relief for Women.

No. 18 Central Ave. HOT SPRINGS, ARK., April 30, 1903.

Eighteen months ago I was so completely run down that my body ached from head to foot. My back seemed to break in two and I suffered intense pain in the lower abdomen. I could not afford to lay off and take a rest, and no medicine helped me any.

A friend told me how much Wine of Cardui built her up and advised me by all means to take it. The day I took the first dose the recovery of my health began. It was nearly three months before I was entirely cured, but at the end of that time I was in better health than I had been for seven years. I look on Wine of Cardui as the most blessed medicine that a woman could possibly take when she feels sick and tired of life.

Anna Nelson ORATOR, WEDNESDAY CHAUTAUQU CLUB.

WINE of CARDUI

Mrs. Nelson describes the condition of thousands of women. That condition comes by slow stages. Usually the important function of menstruation is at first slightly irregular. Then comes the painful periods. Bearing-down pains and ovarian inflammation follow. Finally the nervous system gives way and the whole system has become affected and the pains rack the body from head to foot.

Wine of Cardui is a menstrual regulator of established reputation. No woman who takes it suffers as Mrs. Nelson suffered. It gives speedy and complete relief from the torturing menstrual agonies which are making so many women invalids today. Do not let yourself come to the pitiable condition Mrs. Nelson describes.

Secure a bottle of Wine of Cardui from your druggist today and begin treatment immediately.

DEATH KNEEL NOT RINGING.

President Hawkins Wrote the Pessimistic Card to Tobacco Growers to Scare Them Up.

President W. B. Hawkins of the Burley Tobacco Growers' Association was not in earnest when he wrote a card last week to the tobacco growers of the State stating that the "death knell" of the association was ringing. He now admits that he simply wrote that card to stir up the growers and has issued another in which he states that they have been stirred up and he seems confident that the Burley Association will now be a success.

The Lexington Observer, the official organ of the Tobacco Growers' Association publishes the following from Mr. Hawkins showing his cheerfulness and apparent confidence in the ultimate success of the growers' organization, notwithstanding his previous misgiving.

I have not given up at all. My letter was intended to let the people realize who would be to blame if failure should crown our efforts to organize. If I raised tobacco and could not sign without, I would get on the cars and go to New York, or anywhere, and sign.

Shame on the man who says: "Send your solicitor now and I will sign."

Get on your horse, man, and help. It is your fight. Take some blanks and get your neighbor to share in your pie. We don't want to hog the hominy but want to share it with every grower of tobacco.

My card is having the desired effect and many are signing who were waiting to profit by your work. Ten cents for tobacco means much to the grower. That is what we are offering. Is the trust buying? Look out for 6-cent tobacco if we fail. Don't think the speculators are foolish enough to buy your tobacco and be caught by the trust. Look to the trust and the trust alone when we say we did not get enough and are not in the market.

Work now, for we are only promised NOW. I do not retract one word of my former letter but rather reiterate and emphasize it. What becomes of prices when we say the fire is out?

Mr. Hawkins now states that with the renewed activity shown the association is a certainty. From reliable sources it was learned that the Growers' Association had obtained about 75 per cent. of all the tobacco in the State, and financial backers are now ready to carry out their agreement.

THE TURKEY CROP.

It is Said to be Larger Than Ever and There is No Cause For High Prices.

The usual annual effort of the Cincinnati commission merchants to "boost" the price of turkeys just before Thanksgiving has been made. The commission men have sought to give out the idea that turkey were going to soar skyward in price. A statement from Mr. Edward Alexander, published in the Enquirer, has called forth the following letter from Mr. Walter C. Renaker of North Fork:

I note the enclosed clipping from yesterday's Enquirer. I am somewhat surprised that a paper as reliable as yours would publish such rot as this. I shipped over 22,000 turkeys from this point alone last year, and this year the crop is larger than last year, and I would not be surprised to ship over 30,000 this year. If Mr. Ed. Alexander wants 80,000 I and two or three others will take the contract to supply his entire wants for considerable less than 20 cents per pound dressed, f. o. b. cars, Cincinnati.

Out of justice to us wholesale buyers of turkeys it seems to me you should correct the impression Mr. Alexander is trying to create, that turkeys are scarce, with probability of a high market therefor, when there is at least one-fourth more of a crop than last year.

I mean just what I say when I say I will take the contract to fill Mr. Alexander's contract for less than 20 cents. I trust you will endeavor to correct this impression by stating the facts as they really are.

A bird in the hand is worth two in the bush. Better sell what turkeys you have in your hands.

ENCKE'S COMET.

It is Visible With a 12-Inch Equatorial Telescope.

Washington, Nov. 8.—Encke's comet was seen at the United States naval observatory Sunday night and again Monday night with the 12-inch equatorial telescope. Its radiance, however, is so feeble that as yet the comet is barely visible in the telescope as a patch of light and several days perhaps will elapse before accurate observations can be made of its position which, however, follows quite clearly the path predicted for return of the comet.

Its distance from the earth and the sun is rapidly diminishing, while the apparent motion, among the stars is so rapid as to be very perceptible in the field of the telescope during an hour's time.
